

ORDER REQUIRING CONTRA COSTA COUNTY SANITATION DISTRICT NO. 7A,
CONTRA COSTA COUNTY, TO CEASE AND DESIST FROM DISCHARGING WASTES
CONTRARY TO REQUIREMENTS PRESCRIBED BY THE CALIFORNIA REGIONAL
WATER QUALITY CONTROL BOARD, SAN FRANCISCO BAY REGION

ORDER NO. 71-57

The California Regional Water Quality Control Board, San Francisco Bay Region,
finds:

A. On June 24, 1971, this regional board adopted Order No. 71-42 prescribing
discharge requirements covering the discharge of Contra Costa County Sanitation
District No. 7A, hereinafter referred to as the discharger.

B. The discharge requirements provide, in part, as follows:

"... .."

3. Waste "A" as discharge from Outfall "A" shall meet these quality limits
at all times:

a. In any grab sample or instantaneous observation:

... ..

Settleable Matter

... ..

Any sample 1.0 ml/1/hr. maximum

b. In any representative set of samples:

... ..

Coliform Organisms 240 MPN/100 ml, median of 5
consecutive samples, maximum

10,000 MPN/100 ml maximum any single
sample, when verified by a repeat
sample taken within 48 hours ..."

C. Inspection and reports received by board staff and data submitted by the
dischargers indicate that the discharger is violating the requirements for
settleable matter and disinfection.

D. On August 24, 1971, after due notice to the discharger and all other affected
persons, a hearing panel of the regional board conducted a public hearing at
which the discharger appeared and evidence was received concerning the
discharge.

E. Upon the basis of the evidence received, the hearing panel recommended that
the board issue a cease and desist order against the discharger requiring him
to comply with the aforesaid requirements as indicated below.

F. The requirements being violated are:

1. Settleable matter in the effluent.
2. Disinfection of the effluent.

G. Any increase in the discharges of waste to the Contra Costa County Sanitation District No. 7A plant will further unreasonably impair water quality.

IT IS HEREBY ORDERED THAT

A. Contra Costa County Sanitation District No. 7A, Contra Costa County, cease and desist from discharging wastes contrary to requirements listed in B above.

B. Compliance with the Board's discharge requirements be completed according to the following:

<u>STEP</u>	<u>COMPLETION DATE</u>	<u>STATUS REPORT DATE</u>
Complete Final Design	October 1, 1971	October 16, 1971
Commence Construction	November 1, 1971	November 16, 1971
Complete Construction	January 15, 1972	January 30, 1972
Compliance with Requirements	February 15, 1972	March 1, 1972

C. Additional discharges to the Contra Costa County Sanitation District No. 7A's sewer system not discharging to the system prior to issuance of this order are prohibited subject to the following conditions:

- a. The prohibition does not apply to buildings under construction nor to building or sewer connection permits issued prior to August 26, 1971.
- b. Additional connections to the sewer system will be permitted as a result of interim corrective measures only when this Board is satisfied that the loading on the receiving waters is not increased beyond the loading prior to the issuance of this order.

D. If, in the opinion of the Executive Officer, the discharger fails to comply with the provisions of this order, the Executive Officer is directed to request the Attorney General to take the appropriate enforcement action against the discharger, including injunction and civil monetary remedies, if appropriate.

I, Fred H. Dierker, Executive Officer of the California Regional Water Quality Control Board, San Francisco Bay Region, do hereby certify that the foregoing is a full, true, and correct copy of an order adopted by the Regional Board at a meeting held on August 26, 1971.

NOTICE

At its meeting on July 25, 1972, the San Francisco Bay Regional Water Quality Control Board adopted a motion amending Paragraph C. on page 2 of its Order No. 71-58, issued to the Rodeo Sanitary District, to add the following:

C

3. Effective on July 25, 1972, 250 additional connections for single family units (or equivalent) are permitted provided that no connections shall be made until it is demonstrated to the Executive Officer's satisfaction that the connections will not cause an increase in violation of requirements over that existing when the prohibition was imposed or increase the likelihood of violation of any requirement.

FRED H. DIERKER
Executive Officer
